Dear Joan,

Thanks for your card.

You asked for a list or our books and we forgot to give it to you.

In addition to these, there are Case Open and NEVER AGAIN! both by Carroll & Graf/Richard Gallen.

If you can make it again in June, you'll be welcome.

Forgot to ask you how your work on Bruce went. Also forgot to tell you that he handled some work I did before Pearl Harbor.

I got some anti-Nazi ino I got to FDR, who used it in a fireside chat, and on its return to me it passed through Bruce's hands, according to the info I got from the FIA. That was I think before the days of the OSS.

Our best,

Harold
